Please help me. Thanks in advance. A: From the documentation of Nicelabel Pro: Limitations An installation of 1,500 licenses is available as part of the free installation of the software, but additional licenses can be purchased as needed. So, you have to activate the free edition. Or don't use the free edition, but get the trial/demo edition and try that. her arms, her lip tilted to the side in a way that wasn't mocking, a little bit of a mischievous twinkle in her eyes. What did she mean, "I don't like feeling helpless." Yes, I do like feeling helpless. "Yeah, me too," I said. "So what do you think happens in my story?" she asked, leaning back on the bed. We were both naked. I could feel her skin against mine. "Don't you want to know what's gonna happen to me?" "Yes," I said. "I do." "What do you think's gonna happen to me?" she asked, looking at me, her eyes flickering. "I, I don't know," I said. "You know it's gonna be good, right?" she said. "I think so." "And I'm a good person?" "Yes." She grinned, reached up and turned off the lamp. We each lay back, our bodies still touching. "I have to confess," I said, "I'm not great at my job." She gave me a look. It was like she was trying to decide if she was going to let that go. "I'm not great at any of my jobs," she said finally. "I know." "I'm good at some things." "I know." "I like all my jobs." "I know." "I'm very good at my job." "I know." "Do you think I'm kinda cute?" "You?" "Yeah." "Yeah, I do." She laughed and scooted over to me. I brought my lips to hers. The End (This story reminds me of the character of Loup Garou in Jean Genet's novel *The Thief's Journal* f678ea9f9e
